PRAYERS

TO BE USED AT ALL MEETINGS OF THE SOCIETY, AND OF
ITS SEVERAL ASSOCIATIONS.

Prevent us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life, through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be one fold under one Shepherd. Prosper, O Lord, the labours of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertaking which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper Thou our handywork," for the sake and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy Name. Thy kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation: But deliver us from evil: For Thine is the kingdom, The power, and the glory, For ever and ever. *Amen.*

The Bishop then dismissed the Meeting with the Benediction.

The Special Annual Sermon was preached before the Society, in the Cathedral, the previous evening, by the REV. E. SULLIVAN, B.A., Assistant Minister of St. George's Church, Montreal.

REPORT.

THE Central Board of the Diocesan Church Society, in presenting their Sixteenth Annual Report, desire to take a brief retrospect of the labours of the Society during the past year, and to state briefly the prospects for the ensuing.

The Society has lost two of its valued members, whose names stood together on the list of Vice-Presidents,—Colonel Wilgress, and the Hon. John Pangman, who ever manifested an interest in the work of the Society and of the Church in general, and will be much missed as Churchmen in the respective communities in which their weight and influence for good were much felt, as well as by the Society to which, in time past, they rendered important assistance both by counsel and contributions.

Another of the Society's Vice-Presidents, W. Baker, Esq., has passed away, by which event the parish of Dunham loses a valued parishioner, and the Church Society a constant contributor to its funds. His example, in leaving a legacy for the endowment of the Parish, is worthy of being recorded for imitation.

A member of the Central Board, R. S. Tylee, Esq., was also suddenly called to his rest during the past year, the recollection of whose services to the Church Society and so many works of the Church and its Institutions in the city, causes just regret that so valuable a member is no longer able to give us that aid which was always most willingly bestowed.

And in this connection the commemoration would not be complete unless the Board noticed the removal, since the last Meeting, of a faithful friend of the Society, and a steadfast, consistent member of the Church, the late Mrs. Ross, who, as "a mother in Israel," was respected and loved by all who knew her.

All these warnings your Committee would take as incentives to perseverance in well-doing whilst time lasts.

Nothing of a very marked character with reference to the Society has transpired during the year that has passed. The ab-

sence of the Lord Bishop of the Diocese, the President of the Society, from the Meetings of the Central and Mission Boards, and the General and Public Meetings of the Society, whilst temporarily a loss is believed to be advantageous in many respects to the Church in the opportunity afforded his Lordship of adjusting the new and untried relations between the Mother Church and the Church in Canada, as was instanced in the recent decision concerning the withholding the Queen's mandate in the case of the pending consecration of the Bishop elect of Niagara, the Coadjutor Bishop of Toronto, whereupon the Metropolitan promptly issued a commission to the Bishop of Toronto to proceed at once with the consecration. And the Board would here express a hope that when his Lordship returns in the spring he may find the Diocese, both financially and spiritually, in a progressive state.

The income of the Society derived from subscriptions and collections, which are the ordinary sources of the revenue of the Society, compared with that of last year, is as follows:—

In 1865, \$5750,

In 1866, \$5478,

but in 1865 the sum of \$1980 was transferred to the Church Society from the Clergy Trust Fund, and the Fund in charge from the Society for the Propagation of the Gospel, and other funds, which made the Income of last year larger in that proportion, viz:—\$7730, leaving in fact \$272 of *current* Income less this year than last.

By comparing the returns from the country with those from the city, we find that this deficit is chargeable to the city parishes, as the following returns for the two years will show:—

Contributed from the country parishes,

In 1865.....\$2139

In 1866.....\$2344

From the city parishes,

In 1865.....\$2563

In 1866.....\$2346

An increase from the country of \$205.

A decrease from the city of \$217.

Thus it is hoped, and earnestly urged by the Board, that emulation may be provoked, and that all the parishes throughout the Diocese may be "stirred up to love and good works" in this most important cause, that any shortcomings may be more than made up during the current year.

It will be observed that, compared with last year, there is an increase from the Cathedral, and the other parishes: and a decrease from St. George's and Trinity.

The Committee are desirous of reminding the Clergy and those who are willing to take the *Boxes*, that the amount derivable from this source has, for some years past, been falling off. This is owing, it is believed, to the object for which the boxes are issued not being understood or even explained. Much more might be realized if a little trouble were taken, and the Fund increased by contributions which would not be obtained in any other way. They, therefore, desire to explain that the box is to be placed in some room in the house frequented by the family, and is intended to receive the secret offerings of those who accept the box, and who may be inclined to use this mode of expressing their thankfulness to Almighty God for His constant mercies: as, amongst other things, for

1. Spiritual blessings daily vouchsafed to them.
2. Continued health.
3. Removal of sickness from the family.
4. Escape from accidents.
5. Safe return after a journey.
6. Success in their undertakings.
7. Any happy event befalling them or theirs.

Prominence is given to this method as it constantly suggests a practical answer to the Psalmist's question, "What shall I render unto the Lord for all His benefits toward me?" and because the Mission Fund will need more and more every year all available means for its replenishing, and consequently diminution from any source is a matter of regret.

During the year the Society has granted aid towards the stipends of the following Clergymen and Catechists to the extent of \$4714.14.

One or two points of interest may be mentioned.

The Spire of the Cathedral, owing to the rocking in its socket of the large iron Cross which crowned the summit, was in an unsafe condition, so that it was found necessary to replace the heavier cross by one smaller and lighter. During the summer this was done, and permanent repairs were made.

But the chief point of general interest to the Congregation, and indeed to the whole Diocese, is the announcement that the Cathedral is now *free from debt*; and inasmuch as the building has been completed only seven years, this is a consummation realized within a comparatively short space of time.

During this period the work of the Church has not been forgotten by the members of the Church attached to the Cathedral. It has been found that they have met, with liberal hand, the divers calls that have been made on their generosity within the parish, throughout the Diocese, and beyond both parish and Diocese.

But now, since home burdens are removed, it is believed that increased aid will be granted to the most important work that can engage the minds of Churchmen, the Missionary work of the Church, the providing for "those who are of the household of faith," who are less privileged with means of grace than those who, living in cities and towns, have Churches close to their own doors.

In 1865 the Cathedral was in debt about \$42,000. This was reduced to about \$12,000 by the personal exertions of the Bishop, who met with a liberal response from the members of the Congregation.

In 1866 this appeal was supplemented by another made by the Clergy and Churchwardens, who have succeeded, through the generosity of the people, in *entirely liquidating the debt*, so that the Metropolitan, it is hoped and expected, will make arrangements whilst in England for the Consecration of the Cathedral, to take place soon after his Lordship's return in the spring.

ST. THOMAS' CHURCH.

The REV. JAMES A. McLEOD writes :

St. Thomas's Church having been opened only on the 1st July last, without any congregation attached to it, I have no report to make this year. During the year on which we now enter, the usual col-

lections and subscriptions for the Church Society will be attended to and reported.

ST. MARY'S CHURCH.—HOCHELAGA.

No subscriptions or collections have been made in this parish during the past year for the Missionary work of the Church in the Diocese, but a goodly sum has been raised for local purposes.

The REV. J. DOUGLAS BORTHWICK, Incumbent, writes :

The Parish of Hochelaga has this year appeared for the *first* time in the Society's Report. Last year (January, 1866,) I received the Incumbency from the Lord Bishop. The Church (St. Mary's), the oldest in Montreal, stood much in need of repairs. We have raised more than \$350 toward the renovation, and as much as \$500 towards the expenses of the Church. The Incumbent is also Chaplain to the Forces stationed there as well as Chaplain to the Montreal gaol. Matins and Evensong have been regularly kept up every Sunday during the year. Two years ago, no more than half a dozen people attended services: now there is a weekly average of 120. The roll of communicants has increased to thirty during the year. A Sunday-school was opened some months ago, and now numbers thirty. At the last Confirmation five candidates presented themselves. The thanks both of Incumbent and Congregation are due to all those who have so kindly and liberally helped us during the year. To the Lord Bishop we return thanks for his present of Church Books. To Mr. Spence for his beautiful reredos; and to other friends for numerous gifts. Appended is a list as far as ascertained of the amounts collected during the year.

The following accounts of the persevering labours of the Clergy of the Diocese, in the country parts, are specially recommended to the attention and regard of every member of the Church. They are alphabetically arranged under separate Deaneries.

DEANERY OF BEDFORD.

ABBOTSFORD, MILTON, AND ROUGEMONT.

REV. F. ROBINSON reports that the amount raised in this Mission during the past year is as follows, viz:

ABBOTSFORD.—Annual Subscriptions \$19.75; Missionary Collection \$6.10; W. & O. Collection \$3.00; Local purposes \$40.00; Endowment Fund \$59.46; Thanksgiving Collection \$7.53; Total \$135.84.

MILTON.—Subscriptions \$10.92; Missionary Collection \$2.63; W. & O. do. \$4.00; Local Purposes \$15.00; Thanksgiving \$3.10; Total \$35.65.

ST. PIER.—Thanksgiving Collection for Missionary purposes \$3.48.

ROUGEMONT.—Subscriptions \$24.75; Missionary Collection \$3.20; W. & O. do. \$3.00; Local Purposes \$40.00; Endowment \$2150; Thanksgiving \$8.80; Total \$2229.75.

In addition to the above, there were six collections made during the year at Missionary Meetings amounting to \$40, or more, making the whole amount raised in the Mission during the year about \$2450, apart from income arising from Endowment Fund.

At ABBOTSFORD we have to mourn the loss we have sustained in the death of W. M. Bradford, Esq., one of our oldest and most attached Church members. One, too, who shortly before his decease paid off his subscription of \$200 to the Endowment Fund. It is pleasing to reflect that by this means, although he has "entered into rest," he is still contributing, year by year, for the maintenance of "the faith once delivered to the Saints." "He being dead yet speaketh."

The Sunday School has been re-organized, and is in a very promising condition.

On Christmas day Mrs. Robinson, the Secretary and Treasurer of the Ladies' Sewing Society, received a handsome present accompanied by a pleasing address, from the Ladies of the Society, thirty-eight in number. The Act was kind and thoughtful, and most gratifying to the recipient and all connected with her.

At ROUGEMONT, by the blessing of God in giving His people a "willing mind," the Incumbent has succeeded in raising by subscriptions \$2150 towards the Endowment Fund, of which the sum of \$1475 has already been paid up in money, and the greater part of the balance secured by good notes of hand.

This work was much facilitated by the promise of a bonus of \$200 obtained though the instrumentality of the Lord Bishop, on the condition that not less than \$2000 should be raised by the people

Here it may be remarked that it would be well if some of our more wealthy and benevolent Churchmen in the Diocese would try the experiment of offering a *bonus* of ten to twenty per cent on what the people would raise, up to a certain amount, towards the endowment of some of the poorer Missions; and prove whether their *one talent* would produce, not merely one—but *five*. This is "*a mine*" worth working by those who would lay up for themselves treasures in heaven; and "*a well*" worth investing in by those who would themselves draw *water* from the "wells of salvation."

The Rev. C. F. Thorndike, since his ordination in July last, has practically had the sole pastoral charge of Rougemont, the Incumbent only officiating for the purpose of administering the Holy Communion at stated intervals.

From the energy and earnestness with which Mr. Thorndike has, thus far, devoted himself to the duties which he has undertaken, it is manifest that his heart is in "the Master's work;" and it is seldom that a Clergyman is more successful in gaining the confidence and affection of a people, than he has been at Rougemont.

In addition to his ordinary ministerial duty, Mr. T. has taken unwearied pains to cultivate in the young people a taste for Sacred Music; nor, happily, has he been wanting in success, for already he has formed a very efficient choir of singers, comprising nearly every young person in the place, the majority of whom had previously received little or no instruction in music.

MILTON sends a fair amount of Subscriptions besides all the ordinary Collections, including the largest W. & O. collection made in the whole Mission this year.

St. PIE has been again occupied as a regular station for fortnightly Sunday Services. A small but attentive Congregation has been gathered together, and much interest is manifested in the services there.

BEDFORD.

The REV. GEO. SLACK is happy in being able to report a steady onward progress in the work of the Church, in this Mission. The attendance upon the Public Services is considered as satisfactory and encouraging, in the judgement of those, who, from longer acquaintance with the Mission, are better able to form a correct opinion, and we hope to see it still improving. Our Endowment Fund has been fairly set on foot during the past year and will always, henceforth, form an important and prominent feature in our Church Institutions. A great stimulus has been given to this effort, and substantial aid rendered by the gift of 100 acres of land

in East Farnham from Nelson Adams, Esq., of this place. The present value of this land is certainly not less than \$400, and much more may be obtained for it by a few years' delay in selling. As present income is not an object, we are enabled to make this delay and thus realize the highest price. The remainder of our present Endowment Fund consists of annual subscriptions in cash and promissory notes. These notes run for one year, and are taken up, or renewed, with augmentation, at the end of that term. This plan is believed to be the best adapted to the particular circumstances of our Mission. The present gross total, including the above mentioned land, is \$570.00. In addition to this the Ladies' Sewing Association has contributed \$100.00, making altogether \$670.00.

A subscription of \$12.00 has been made for the purchase of a surplice, and \$13.87 was contributed last Epiphany to provide a Christmas tree for the Sunday-school.

The interior walls of the Church have been tinted, and a cornice put up around the whole building at an expense of \$55.00. With the exception of a subscription of \$5.00 from R. Dickenson, Esq., the County Registrar, this has been defrayed by the Incumbent, but it is intended to take up a contribution for this purpose after New Year's Day.

The total amount raised for Church purposes in the Mission will therefore stand thus:

BROME.

The REV. ROBT. LINDSAY writes :—The works of the Mission have proceeded as usual during the past year. By the help of a lay reader and other lay agency, we have been enabled during the summer months to carry on the work at three out-stations and four Sunday-schools, besides those at the two Churches. We have completed this year the amount promised to the Brome Woods Mission. I have to acknowledge with much thankfulness the gift of one hundred dollars on Christmas Day, to purchase a new horse, as also many other liberal gifts. We have commenced a second Endowment

DUNHAM.

The REV. J. GORDEN writes:—It is with much gratification, and I hope with thankfulness to the Head of the Church, that I attempt a report of the state and progress of this Parish during the past

nine months that I have endeavoured to serve it as its Rector. During those nine months we have been generally pretty busy; much has been attempted and a good deal has been accomplished. The Parish Church has been almost renovated. Through the deep interest of the Ladies' Association we have been enabled to erect a suitable spire, alter the shape of the windows, point them with stained glass and frost them; at their expense also we have stained the walls and ceiling, and painted some of the interior.

But great as these improvements are they have been far exceeded by the exertion through the pious wisdom of the family of the late Wm. Baker, Esq., as an offering to God and a memorial to their deceased father of a beautiful Chancel, Organ-Chamber, and Vestry, thereby setting a noble example to the Church at large. The window in the Chancel is certainly well calculated to sustain the reputation of its maker, J. C. Spence, Esq. On St. Thomas's Day, a Special Service was held on the reopening of the Church, which I believe was a day of refreshing to many of us. Several of the Clergy were present and assisted in the Service—the Sermon was preached by the Rev. W. R. Norman, who kindly came from Montreal, to assist us. But the Rector has been further gratified by an increase of the contributions to your Society of \$13 over those of any former year, and by the Offertory collection having nearly doubled, which two facts are very cheering, considering that this is the first year that the Parish has had to support its own religious institutions; and it is due to the Parish to say that its pecuniary obligations have been honourably fulfilled, while I have received no little kindness from the hands of the people, which kindness was manifested in no ambiguous shape on Christmas Day, when, unexpected by me, \$20 were placed on the Lord's Altar for my acceptance. It is very pleasing that the Sunday-school, though small, has contributed \$2.91 to your funds since May last. To the Churchwardens, the collectors and others for their willing aid during the past nine months, I feel under great obligation; but I would do violence to my feelings if I neglected to record my indebtedness and that of the Church of Dunham, to that active and untiring and faithful son of the Church, Col. Stevens Baker.

May God's Holy Spirit so bless the ordinances of His Church that our spiritual life may wax stronger and stronger! So shall we be a prosperous people indeed, and daily be preparing for the coming of the Son of Man.

FRELIGHISBURGH.

The REV. J. BURROWS DAVIDSON writes:—This Parish, as the point of Fenian hostilities, has had an unusual history during the past year. The uneasiness and excitement attending those events have not certainly tended to our material prosperity—and consequently we cannot return as desirable a financial report as could be wished. We hope the first months of the new year will make up all deficiencies. The Rector acknowledges, with most grateful feelings, a very generous purse from his parishioners, to enable him, while labouring under a critical disease, to take advantage of a visit to the Springs for about two months.

He also mentions, with warm appreciation, many other acts of Christian kindness and love from various friends.

The following are the amounts contributed for the several objects.

GRANBY, NORTH SHEFFORD, AND SOUTH ROXTON.

The Rev. W. JONES reports an increase of \$20 over the contributions of last year. He expects through the liberality of his people, and active exertions of Mr. Josiah Payne, one of the Churchwardens, to be able to pay another sum of fifty pounds towards the liquidation of the Parsonage debt, leaving a balance of double that amount yet to be raised.

He records the gift of Mr. John Bradford, who has placed a superior fence along the entire front of St. George's Church, and by the liberality of the people expects to see undertaken and completed other good works which are in contemplation. He returns grateful acknowledgments to the Senior Churchwarden, and others who have bestowed much labour as collectors in the Parish.

The sum total raised in the Parish during the year, for the Church Society and for local purposes is \$493.37½.

ORMSTOWN.

The REV. W. BRETHOUR writes:—During the year just closed, we have had many things to encourage us in the work of the Church in this Mission. The Congregation have been more regular and attentive in their attendance at Divine Worship; the number of communicants throughout the year has been more numerous than at any former period. We derive great benefit from the gratuitous assistance of Miss Moc, at the harmonium. The graveyard has been entirely enclosed during the past summer, by a good and substantial fence, and the people have manifested a willingness, greater than at any former period, to assist in supporting the Church in this Mission. I humbly hope that our success in the work of the Church during the past year will encourage all to renewed exertion for the future.

PHILIPSBURG AND PIGEON HILL.

The REV. H. MONTGOMERY writes:—Although the past year has been one of unprecedented trial and embarrassment to this section of the province, owing to the unprovoked and unjustifiable invasion of this and the neighbouring frontier Parish, in June last, by a lawless, unprincipled band of brigands, whose chief object seemed to be that of plunder and the wanton destruction of property: yet notwithstanding this, and the continuous excitement which they have endeavoured since to keep up, whereby the attention of many has necessarily been drawn, not only from the temporalities of the Church, but in a great measure also from their own secular interests, I am thankful to say that the general income of the Parish has fallen off but little from that of last year, which was unprecedentedly large, and that the slight diminution does not affect the Missionary operations of the Church, as the collections and subscriptions for the general purposes of the Church Society are considerably increased.

Nor should we overlook the very laudable and successful effort made by the Ladies' Association at Pigeon Hill for the procuring funds towards the purchase of a small organ of Mr. Warren, Montreal, for the use of their commodious little Church, wherewith to render the praises of the Sanctuary still more edifying and profitable to the Congregation, and those of the Sunday school to the teachers and children.

Worthy also of grateful mention and imitation, is the generous and appropriate gift by Mrs. Whitwell and her sister Miss Alcott, of two beautiful Chancel chairs for the use of St. Paul's Church, Philipsburg, which we trust will be followed by other much needed gifts from those to whom God has entrusted the means for the furnishing of His house, and the maintenance of public worship.

Through the public spirited and self-denying exertions of a large-hearted lady of the Congregation we have had erected for us a new platform and steps in front of the above named Church, and are about to make an effort to liquidate a debt still remaining on our Church property in the village, which will remove a great incubus and leave us free still more heartily to engage in other schemes of improvement and usefulness.

On the whole we think we have great reason to be thankful, and hopefully to look forward to a more settled and prosperous state both of the Church and the country.

POTTON AND BOLTON.

Rev. J. READE reports:—*Appointment*.—I began my duties in this Mission, under the Bishop's license, on Whitsunday; the Rev. E. J. Fessenden, who had served with my predecessor, (Rev. J. Godden) continuing to act as Assistant in Bolton.

Services, &c.—In the three Churches, situated respectively in Mansonville, South Bolton, and East Bolton, Service is held weekly, and the Holy Communion administered monthly. Service is also held regularly at Willard's Mills. There is a Sunday-school in connection with each Church, and a Bible class is held weekly at Mansonville. In all these places the attachment to the Church seems to be gradually increasing; the attendance at public worship is generally good; and the Church members, though few compared with the population of the Mission, are mostly sound and loyal to their Master's cause, and bear faithful though noiseless witness to the truth, in the midst of much and multiform error.

Communicants.—44.

Registry.—Baptisms, 17 (5 adults); Burials, 4.

Lay Agency.—The Sewing Societies in connection with the three Churches continue to do a great deal of good, and besides the very substantial help which they render, form a strong bond of union to the members of the respective congregations.

Deputation.—The Rev. the Rural Dean of Bedford, and Rev. H. F. Darnell, Rector of St. John's, held Missionary Meetings in this Mission on the 21st of October, which were well attended, and with, on the whole, satisfactory results. The amount of good which such deputations effect cannot be estimated altogether by the immediate response in dollars and cents.

Financial.—The beginning of a regular effort for the Minister's support has been made this year. In consequence of this effort there has not been so much done as might otherwise be expected, for the general funds of the Church Society.

REV. C. P. ABBOTT writes :—During this year a portion of my Mission in the Township of Bolton has had its population largely augmented for mining purposes. At present there are two copper mines, both promising, but the one termed the Huntingdon mine especially so—at this latter I have engaged to hold fortnightly services on Sunday afternoons. It may be well to state, that so far as I have been able to ascertain, the majority of this mining population are French Canadians; and (at present) amongst the remaining English-speaking population there is but a small sprinkling of avowed Church people. At the same time many of this English-speaking population, not identified with the Church, manifesting apparently equal readiness with our own people to have the services of the Church conducted in their midst, and the amount which they have contributed towards my stipend, gives me encouragement to hope and believe that they will learn to appreciate the Public Worship of the Church.

I have arranged also to hold, at a school-house recently built in

my Mission, Divine Service on every alternate Friday throughout the year.

The old inhabitants of my Mission gave me another donation this year. Many collections have been made at this time. I hope to do more for the Society next year. The debt on the Church and Parsonage, compared with what it was a year or two since, is very small. I preached two sermons in behalf of the latter during my visit in England by the kind permission of the Rev. J. Bramston, Vicar of Witham, Essex, and that of the Rev. — Hawkins, Rector of Rivenhall, in the same County; the proceeds of Sermon at the former's Church amounted to £13 5s. 7½d., at the latter's £2 17s. 4d. STANBRIDGE.

The REV. J. CONSTANTINE writes:—After another year of labour, in a locality exposed to threatened inroads, we have to thank God for the blessings of peace and protection against enemies, and so for the opportunity of serving God without distraction of war. We have endeavoured to keep up to a fair standard, and to move, not by spasmodic efforts, but by the order of healthy growth. The Services are quite as well attended as heretofore, and Holy Communion by an exemplary body of Communicants. The Sunday-school is doing well. In material work we have completed the tower of the Church, by subscription, of which the largest share has been borne by J. C. Baker, Esq., who, although not a member of the Church himself, yet has acted in a liberal spirit on behalf of members of his family who are members of the Church, and has thus also acknowledged the claim which the Church truly has upon the community. It is an example which may well be commended to others.

SUTTON.

The REV. J. SMITH writes:—Although your Missionary cannot report All Saints Church, Abercorn, as completed, he is thankful to say it is well advanced, being in readiness for the pews, which are in course of construction. The Mission is greatly indebted to the ladies of the Sewing Society, who have, with commendable zeal, raised the handsome sum of of \$203 during the past year. A few members of the Building Committee contributed \$150, being their *fourth* subscription; it is a noteworthy instance of self-denying effort in the annals of rural Church building. These aids were very opportune, as they enabled the Committee to tide over difficulties, which appeared, in the early part of the year, almost impossible to surmount by local effort. May it be your Missionary's privilege to report, another year, not only the completion of the edifice, but also that a goodly number has been gathered within its walls, who “shall not be ashamed to confess the faith of Christ crucified.”

The Mission has just sustained the loss of a valued member in the death of Mr. John Simpson, Senior Warden of All Saints, an earnest, humble-mind man. He was a large contributor to the new Church, as well as to the partial Endowment Fund.

Mrs. Simpson survived her husband a few days only. She, in the final distribution of her property, did not pass over the claims of the Church of which she was a devoted member, but evinced her love to that Church by bequeathing the sum of \$100 to the Endowment Fund.

Your Missionary would gratefully acknowledge the following presents for the Church at Abercorn. A crimson cloth cover for the communion table, from Mrs. J. Hutton, Montreal; a handsome stone font, through the kind exertions of F. D. Fulford, Esq.; a Chancel chair, of beautiful design, and exquisite workmanship, from J. M. Ferris, Esq., Montreal; and a set of Service Books from his Lordship the Bishop.

The Endowment Fund is progressing favourably, there being an increase of \$300 to report for the past year. Some young ladies raised the sum of \$20, for the purchase of books for the Sunday-schools, and Hymn-Books for the choir. The Sunday-schools have been well attended.

The pressing calls of the Mission prevent the urgent demands of the Church Society being adequately responded to, although the Annual Subscriptions have not fallen below those of last year.

WATERLOO.

The REV. D. LINDSAY writes:—I have great pleasure in making my annual report, inasmuch as it proves an increased interest in the work of the Church Society, as well as our own parochial affairs, which I hope and pray are indications that "the love of Christ constraineth us."

Through the assistance of the Rev. W. R. Brown, we have been enabled to maintain the work of the Church at several Stations, and have been able to establish Sunday-schools, which are doing a good work for the rising generation. I would here record my thankfulness to some of the members of St. Luke's Congregation, Waterloo,

for the interest they have displayed in the schools. One has added largely to the libraries, and I know from experience that a good Sunday-school library is a powerful missionary amongst people who have to learn the teaching of the Church. They will read sometimes when they will not come to listen, and thus find difficulties removed concerning which perhaps otherwise they would never seek for explanation. Others have testified their sympathy, and I mention it here, because if regarded from a pecuniary point of view it would add to the financial report presented below where the donors would be unwilling to appear. We have to record the death of one of our oldest and most consistent members, Mr. Jonathan Robinson, who must ever be remembered by the Parish amongst the list of its benefactors. The sum he gave for the Endowment now helps to carry on the work which in life he loved, and thus being dead he yet speaketh. I believe the Church is increasing in the affections of the people; and as I have no other channel of communication I take the opportunity of expressing my thankfulness to the vestry for the vote which gave to me the sum of \$89.71, at our last Easter meeting, being the excess of our income over expenditure, a seasonable and welcome addition to my income. I hope the work of your Society may be greatly blessed, and that we of these older Missions may help you as liberally as we have been helped in times past by the Propagation Society which is now finding other fields for its labour. May God grant the Church Society to be its worthy successor in this Diocese.

WEST FARNHAM.

The REV. T. W. MUSSEN writes:—Among many tokens of kind consideration on the part of the people of this Mission towards their clergyman, I have great pleasure in recording the presentation, in last February, of an address accompanied by a purse of \$56.

Our returns show an increase of about \$180.00 over those of last year. This is owing to a special effort which has been made to procure a superior Harmonium in place of the Melodeon we have hitherto used. This instrument has now been in our Church for nearly three months, and has proved a great addition to the musical part of our service. The Harmonium, costing \$250, is of French manufacture, and has sixteen stops and two octaves, and a set of pedals.

The general state of the Mission is, I believe, satisfactory. The people seem to become more and more attached to the Church, and exhibit an increasing and more systematic liberality in its support.

The REV. A. T. WHITTEN writes:—I have again to offer an excuse for our people not subscribing to the Missionary Fund of the Church Society, inasmuch as their contributions for local purposes have been large in proportion to their means, which a year unusually deficient in crops, and when there has been not much sale for dairy produce in this neighbourhood, has very much circumscribed. We hope to do more by and bye, when our local necessities shall have been better supplied. I am happy to witness a growing attachment to the Church in this Mission generally, and a forwardness on the part of our people to procure what is required for the decent and

orderly performance of Divine Service, and for the regular ministration of the Sacred Ordinances.

DEANERY OF HOCHELAGA.

BERTHIER.

The REV. W. C. MERRICK, writes :—It was the custom of the earlier Missionaries of the Cross, as recorded in the Book of the Acts of the Apostles, occasionally to send accounts of their work and success to the “Church gathered together” at some central place of the district or diocese in which they laboured ; and the recital caused the assembled members to glorify God, and to take measures for the further extension of the “Ministry of the Word.” In accordance with this primitive practice, your Missionary desires with much thankfulness of heart, to lay before the annual gathering of the Church in this Diocese, some particulars of the onward progress of the cause of Christ in the locality with which in God's Providence he is connected.

There is a two-fold object before us in this land, during the present period of our Church's history—to supply the spiritual need of those now identified with us, and while the Mother Church so generously extends to us her helping hand, to make provision to secure the blessings of true religion for those who will come after us.

It is my privilege, by God's goodness, to report a favourable account of the Church's work in both of those departments, here, during the past year.

The Services of the Sanctuary have been kept up without intermission, the Missionary's place, when absent at out-stations, being supplied by the Catechist. We have had additions to the number of our communicants, both from the older as well as from the younger members of the congregation.

The Sunday school has continued its valued usefulness; some of the pupils have left us to enter upon the duties of mature life, and one, a young person of much promise, entered Bishop's College last autumn, to study for the ministry.

The Bible Class, held during the winter months, has been well attended, and has helped, it is hoped, to build up the young in the knowledge and the love of the Gospel and the Church.

In our Endowment scheme—part of the provision for the future, we have reached an important stage; this effort was commenced by subscription notes running over three years, which expired in 1866, the whole of the promised amount has been very nearly realized, and the present state of the fund is as follows: mortgage on real estate, \$1000; from subscriptions, interest, &c., awaiting investment, \$537.97; notes still due, \$33.60; total, \$1571.57. This fund will now add to itself from interest alone, nearly \$100 annually.

The Parochial Schoolhouse movement—now the most pressing object in the Mission, has received a great impulse; a suitable site for it and a valuable addition to the land endowment has been secured by the purchase of eight acres of land adjoining the glebe at a cost of \$800; of this amount \$680 has been already provided; Mrs. E. A. Clark and Miss Cuthbert subscribing with their usual generous liberality the sums of \$160 and \$340 respectively: Mr. C. A. Forneret, besides taking much trouble in negotiating the purchase, adding a contribution of \$100; the remaining \$80 being obtained through the thoughtful action of Mrs. Guerant, who devoted the proceeds of her table at the sale to this object.

The acquisition of the land made during the early part of the year, has been followed by a very successful effort of the "Ladies' Association;" a sale was held by them in the month of September, and though it was late in the season, and otherwise an unfavourable time, owing to the wet weather which prevailed, the handsome sum of \$360 was realized. We shall now feel justified in commencing the building (D. V.) next spring, and thus the last of the material foundations for God's work in the Mission will be laid. May He ever use them for the good of souls, and the advancement of the Redeemer's kingdom!

Among the offerings worthy of special notice, I have pleasure in

recording the gift to our little Church of a beautiful Font, from Robert Reid, Esq., of the firm of Mavor & Co., Montreal; and among the pleasing incidents of the year may be mentioned the School Festival in the month of January, at which a costly Photograph Album, containing the cartes of nearly all the members of the congregation, was presented to the Missionary; the untiring services of Miss Dixon in the Sunday school, and of Mr. McManus in the Day School, being recognized at the same time by presentations to them of valuable books.

The Missionary cannot close this report without adverting to the loss which the Congregation has sustained in the death of one of its aged and honoured members, Mr. Morison, who took a warm and active interest in the Mission from its foundation. "May we all work while it is called to-day!"

ELY AND NORTH STUKELY.

The REV. A. L. FORTIN writes:—We had our first Missionary Meeting on the 28th of February, 1866. The Rev. G. Slack, our Rural Dean, and the Rev. D. Lindsay, were present. The gathering was not as large as anticipated, but a great deal of interest seemed to be manifested in the kind and appropriate addresses of the Rev. gentlemen, who thoroughly explained the purpose and working of the Church Society. Notwithstanding the few present, the collection amounted to \$4.33.

The Missionary would take this opportunity to acknowledge with thankfulness the liberality of the people of North Ely; and he desires to make special mention of Mr. W. F. Davidson, Mr. A. M. Fisk, and Mr. David Osborne, for so cheerfully and diligently collecting in North Ely, Boswell, and North Stukely.

MASCOUCHE AND TERREBONNE.

REV. T. GODDEN reports:—This is the seventh month that I have had charge of this Mission, and though there are not any striking items to state relative to the temporalities of the Church, we hope and believe the more durable work of her Mission has been regarded. The Parsonage has been repaired. I have to record my thankfulness to the Hon. J. Pangman and lady for their kind hospitalities to myself and wife, whilst the repairs were being made. The Church has received a very necessary appendage in a commodious, and nicely finished porch, which comes as a thank-offering from the Hon. Mrs. Pangman, who is always foremost in every good word and work, exemplary both within and without the Church. Through her exertion, formerly, our psalmody has reached a proficiency, carried out according to the letter of the Prayer Book. The Church, small and unsightly in its appearance, originally built for a school-house, needs renovation, and it would be a source of gladness, if, on

a more desirable spot, a building could be erected better adapted to the Service of God. Little has been done on behalf of the Church Society. But some have been disposed to regard the claims of the Church at large; and I hope in time that others may be thus disposed to act. The number of Communicants is small, but in proportion to larger Congregations is creditable. The Holy Communion is celebrated monthly in each Church, and the largest attendance since I have had charge in "Grace Church," Mascouche, was thirty-three, and on Christmas day twenty-seven partook of the sacred rite. Our Sunday-school cannot boast of large and regular attendance, from much sickness being among the young people, and many living long distances from the Church. For their encouragement a Sunday-school festival, the first of the kind they have had here, was given in the summer. During the year there have been registered five baptisms, two admitted into the Church, one marriage, eight burials.

NEW GLASGOW AND KILKENNY.

The REV. A. SHAND writes:—My entrance upon the duties of this Mission dates from the first of December, 1865. On my arrival, a considerable portion of time was spent in visiting all the families belonging to the two Congregations of Kilkenny and New Glasgow, amounting to about fifty. The two Churches are about ten miles apart, and the families in both places widely scattered and for the most part poor.

I found a large number of young people in Kilkenny, and a few in New Glasgow, who had never received the Rite of Confirmation. I lost no time in forming classes in both places, in order that I might

nstruct them, as I best could, before the arrival of the Bishop, which took place early in June last, when twenty-nine persons were confirmed, twenty-two in Kilkenny, and seven in New Glasgow.

The distance of these people from the market of Montreal, and the badness of the harvest of the present year have rendered them poorer than usual; much of their grain was destroyed by the incessant rains of the last harvest, and also by a fearful hailstorm which swept over a large portion of the country, carrying devastation into many places.

I have visited the whole of these people several times, and found them willing to contribute to the Church Society and other benevolent objects.

SOREL.

The REV. CANON ANDERSON reports:—Baptisms during the past year, fifteen; Marriages, one; Burials, nine; Communicants, Easter, sixty-two; Christmas, fifty; Total ninety-nine, being again seven less than the total number reported last year. This reduction in the list of Church membership is owing to the unhappily continued exodus of the Protestant population, several families, numbering upwards of forty souls, having left Sorel during the by-gone year. Some of these were exemplary and consistent Church members, whose departure is deeply regretted.

The voluntary contributions to Foreign Missions amounted this year to \$121, one-third of this amount being paid as before to the Bishop of the Diocese for transmission to the S. P. G. in England, in aid of their vast work among the heathen, and the remaining two-thirds being handed to the Rev. Canon Bond, for the Colonial and Continental Church Society, as a special contribution to their Indian and French Missionary work in Canada. The total sum realized for the Church Society, inclusive of proceeds of sermons and subscriptions, amounts to \$132.25. And for the collection of the subscriptions, always more or less an arduous, and sometimes an unpleasant work,

the Parish is indebted again this year, as for seven years past, to the willing kindness of Mr. James Jones. Added to these amounts collected for the general (both Home and Foreign) Mission work of the Church, a special collection after sermon preached, was taken up in aid of the Sabrevois Mission, amounting to \$32. Some of the ladies of the Congregation also contributed a box of varied and useful articles to a Bazaar held during the past summer at Sabrevois in aid of its funds. The large amount of \$153 was further raised in Sorel, by the Rev. Octave Fortin in aid of the Indian Church at the Abenakis village of St. Francis. It is with deep gratitude to God that the continued prosperity of this new Mission of the Church, in this vicinity, is again reported. An extremely neat and commodious Church is now completed, and, it is hoped, will this winter be entirely free from debt. Through the good hand of his God upon him, the resident Missionary at St. Francis has had friends raised up for him in every quarter, and has now gratefully to acknowledge various gifts of different nature and of considerable value, such as a bell from the Church at St. Martin; a small Organ from the St. Therese Church through the kindness of Dr. Smallwood; from Mrs. Monk a white linen cloth for the Communion Table, and a scarlet damask one from St. George's Church; a Communion Service from Christ Church, Sorel; from Mrs. James Hutton of Montreal a good supply of clothes and bedding for an afflicted Indian family; from Mr. James Allen of Sorel a kind donation of plank towards the Church building; and from Mrs. Cochrane of Quebec, Miss Cowie of Montreal, and Miss Nelson of Sorel, various gifts in money or in useful articles for the Mission, or the Missionary.

The Endowment Fund has been increased this year by the liquidation of the two final notes due by Miss Cuthbert, and Mrs. Clarke, for \$80, and \$20 respectively; and they have also discharged the interest for the whole amount of their second contribution paid by instalments during the past five years. These ladies, together with another, "a mother in Israel," have ever been the unvarying and liberal supporters of the Church, contributing, and that for many years, much the largest proportion towards every object which brought glory to God, or which exhibited good will towards men. The Investment Committee, with the concurrence of the Bishop, effected during the past year a satisfactory investment on city property of all the disposable funds of the Sorel Endowment, with the exception of a 'small balance now in the Bank, together with the money' since 'paid in and acknowledged' in this report, the nucleus it is hoped of a further and much needed increase. There remains

also of the Endowment Fund, in the hands of the Treasurer, a note for \$200, the interest on which has been regularly paid by Mr. Davies. In the report of last year, omission was accidentally made of the purchase by subscription of handsome chandeliers and lamps for the use of the Church, costing \$49.07. A larger and better Organ is just now extremely needed, and it is prayerfully hoped, that without the necessity of resorting to Bazaars or Concerts to raise the money for such a purpose, that God may put it into the hearts of one or more of the friends of the Church to contribute, as a thank-offering to the Lord, a gift so much needed and desired.

The willingness of the Congregation, with but few exceptions, to respond to every appeal for benevolent or Church purposes, is thankfully acknowledged. But chiefly is praise given to God, our Saviour, for His spiritual mercies, and for the further hope that the Lord has added to the Church of such as shall be saved, of those who shall be as living stones in His glorious Temple. May their number be largely multiplied, and may they hold to the end the faith once delivered to the saints, in unity of spirit, in the bond of peace, and in righteousness of life!

ST. HYACINTHE AND UPTON.

REV. G. HEATON writes:—These Missions have been in operation under the present Missionary, St. Hyacinthe about six, and Upton hardly more than three months. The former may comprise a Protestant population of near a hundred souls; the latter near fifty. They are not without promise. I have established a Sunday Evening social Meeting at private houses at Upton, and the people have expressed great pleasure at it; we also raised just now \$27, for painting the Church fence, as a necessary measure to ensure continuance of a liberal contribution from the Adjutant General, Colonel McDou-

gall. In St. Hyacinthe we are trying to put the Organ into repair. The Services are regularly performed alternately on Sundays, and the Churches owe a kindly sense of gratitude to the R. W. Company for a pass along the line to their Minister.

ST. VINCENT DE PAUL.

THE REV. J. ALLAN has forwarded Subscriptions to the Church Society to the amount of \$10 from himself and family.

DEANERY OF IBERVILLE.

CHAMBLY.

Rev. GEO. B. DODWELL writes:—Since the resignation of this Rectory by the Rev. J. P. White, in the summer of 1862, a series of adverse circumstances has tended to weaken the position of our Church in this place. On my coming into residence, in July last, I found the attendance of the Congregations and of the Communicants very small in proportion to the number of the Church of England families, the Sunday-school broken up, the Church Society no longer represented, a debt of about £65 accumulated, and the Methodist cause established, dividing our small English-speaking population of fifty families into two parties.

I am truly thankful to report satisfactorily of the progress of events since the time referred to above. The Services of the Lord's Day regularly performed, a weekly Service, with practice of congregational singing, and an Exegetical Lecture, and the Sunday-school in full operation, are, I trust and believe, receiving the blessing of Almighty God.

The collections for Church and charitable purposes (which have always been on a liberal scale here—witness a very nice Church and Organ, a good Parsonage and Glebe, and about \$4000 invested for an Endowment Fund,) made during the past year, have been as follows:—

Pew rents.....	\$209.75
Collection in the Services including alms.....	177.93
Towards payment of a certain debt.....	33.50
Collection for Church lamps.....	9.50
At a meeting of the Church Society.....	8.00
Subscription to Church Society.....	7.50
For a poor person.....	3.20
	\$449.38

Besides which I have had the satisfaction of receiving presents to the value of about \$20.

CHRISTIEVILLE.

The REV. H. J. EVANS writes:—The Parish of Christieville has, during the present year, changed Pastors, the Rev. J. A. McLeod, who

for many years, faithfully conducted its duties, having removed to Montreal, and Rev. H. J. Evans, of Port Rowan, C. W., having been appointed in his stead :—

CLARENCEVILLE,

INCLUDING ST. GEORGE, ST. THOMAS AND HENRYVILLE.

The REV. CANON TOWNSEND and REV. C. H. LANCASTER report :—
It is with much thankfulness that we are enabled to point to the operations of our parishioners during the past year as displaying a considerable amount of vitality in matters connected with the welfare and progress of our beloved Church. In order to meet our local exigencies, numerous calls have, from time to time, been made upon both the Parishes of St. George and St. Thomas, and it is pleasing to note that they have met with a promptness and liberality which speaks well for the prospective sustenance of the Church in this Rectory. It could scarcely be expected, with the increasing demands necessarily pressing upon our people, in view of the future self-sustenance of these Parishes, that any increase could be made in the annual amount forwarded to your Society. It is satisfactory, however, to find that the subscriptions are, notwithstanding, a little in advance of last year. The Ladies' Society, in connection with St. George's Parish, is as flourishing and active as ever, and doing much good work for the Church and poor. St. Thomas' Ladies' Society, also, which, for a time, had been inactive, is now thoroughly reorganized, and has entered upon a sphere of usefulness productive of good fruit to the Church. In September last, a "Harvest Home" Festival, in connection with the two Parishes, was held at Clarenceville, with a Thanksgiving Service in St. George's Church, it being appropriately decorated for the occasion. This festival, although new to the people here, proved a great success, and the sum of one hundred and twenty dollars, exclusive of the Church Offertory, was realized by the same for the Purposes of the Church, and equally divided between the two parishes. A substantial brick house, with all the necessary out-buildings, large garden, &c., has been purchased for a Parsonage, and six acres of land adjoining for a Glebe, costing, together, \$1650. The house has been put in a state of thorough repair, and is now occupied by the Assistant Minister. We have to record also the purchase of carpets and blinds for the Church of St. George, and a carpet for the Parsonage by the Ladies' Society of that Parish, as also furniture for the Parsonage by St. Thomas' Ladies' Society. A

handsome set of lamps, purchased by private subscription in the Parish, has been provided for St. George's Church, so that the parishioners are now able to enjoy the privilege of an additional Service on Sundays, as well as an Evening Service, with Lecture, on Fridays. Subscriptions are also in active progress for providing a new Organ and Altar—cloth for St. George's Church, and have already reached a considerable amount; but as these funds are not yet completed, the returns are reserved for a future report. Regular Sunday Services are held in the Churches of St. George and St. Thomas, and a monthly Sunday Service in Henryville Church; but it is to be feared that the rapidly increasing French population will soon absorb every other element in this place. A fortnightly Sunday Service is also held at a school-house on the third concession of St. Thomas, which is thoroughly appreciated by the Church members there. The people of St. Thomas' Parish have been making strenuous efforts during the past year to free their Church from debt, and their endeavours have been attended with a great measure of success. In October last the Assistant Minister visited Montreal to solicit contributions from the friends of the Church in that wealthy city, and succeeded in procuring the sum of fifty dollars towards defrayment of the above debt, and which he takes this opportunity gratefully to acknowledge.

The following is the statement of amounts raised during the past year :—

HEMMINGFORD.

The REV. E. DUVERNET writes :—I am happy to report that there has been a satisfactory increase in the contributions to the Church Society as compared with last year, which may be attributed, in a great measure, to the zeal of some of our young people in collecting small sums with the card given them after the last Missionary Meeting. In July last, a social entertainment, having for its object the more comfortable furnishing of the Parsonage, brought about through the indefatigable exertions of a few ladies of the congregation, proved quite a success, and realized \$100. During the year upwards of \$200 have been expended in enlarging and improving the Parsonage, which will now, for comfort and convenience, compare favourably with most buildings of this kind in the Diocese. It is now ten years since I assumed the charge of this Mission, and during this period two Churches have been erected and a Parsonage completed. In my predecessor's last Report, I find the total amount raised in the Mission was \$221.50. This year we have raised double that amount for Church purposes, as may be seen from the financial statement appended to this Report.

A small debt, which has been resting on St. John Baptist Church for some years past, has been this year extinguished, and I hope, when I next report, to be able to say that a similar debt on St. Luke's Church has been effaced. I have to thank the following persons for their contributions in labour on the glebe: Messrs. John Quest, Charles Collings, Charles Ellerton, Robert Wright, Joseph & Robert Hadley, Anthony Whyte, H. Figsby, and James Pettigrew.

HUNTINGDON AND HINCHINBROOKE.

The REV. W. T. EARLY regrets being unable at present to aid the Missionary Work of the Church beyond his own Parish.

He sends a long list of Subscribers to a Fund for building a Parsonage. The amount raised in the Mission and elsewhere for this purpose is \$1156.00.

The excellent plan of circulating a printed list of the times and places at which Divine Service is to be held throughout the year is adopted in this Mission, by which punctuality and regularity are insured.

LACOLLE.

The REV. A. D. LOCKHART writes:—On reviewing the work for the past year, it is with devout gratitude to Almighty God that I have to state that the work of the Church is gradually progressing in this Mission. Our Parsonage, which was purchased by the people since I was appointed by his Lordship the Bishop to the parish, is now nearly out of debt. We had a very successful Soiree last winter, for the Parsonage fund, by which we realized the sum of \$153, at which the Rev. Dr. Camp, of Rouse's Point, U. S., delivered a very eloquent and interesting lecture. We have also purchased a new Harmonium for the Church, the price of which was \$100, \$50 of which was given by the Ladies' Sewing Society, and we have now a subscription list out to purchase a new Library for our Sunday-school.

The following sums have been raised for Church purposes during the year:—

Towards Clergyman's Stipend.....	\$350.00
Proceeds of Soiree for debt on Parsonage.....	153.00
Collected at Missionary Meeting for Church Society.....	10.00

SABREVOIS.

The REV. N. V. FENN writes:—We have been cheered by a visit from the Bishop to hold an Ordination in the month of July. The weather was very unfavourable, the rain falling in torrents. The Church was, however, quite full, and much interest felt. The

Bishop's visit has done much good, by stirring us all up to a higher sense of our duties. The members of the Church here have made great and successful exertions during the past year to repair and improve their House of Prayer; and with thankfulness to God, who disposes all hearts, be it recorded.

These with other smaller repairs have cost \$190.00; to meet which, we have \$100.00, the result of two years' Soiree and luncheon, \$48.00 since subscribed by the members of the congregation, and \$24.00 collected in Christieville and Montreal. We find the building materially warmer, drier and more comfortable.

A Harmonium has also been purchased at a cost of \$100.00, for which \$74.45 has been subscribed by the congregation, and of this \$49.45 paid in, and \$6.50 collected elsewhere from friends.

These local efforts prevent this Mission from doing anything this year towards the funds of the Church Society, further than the collection for the W. & O. Fund on Sunday.

The total contributed by the Parish during the year is as follows:

Proceeds of Luncheon and sale of Needle work.....	\$35 00
Subscriptions for Church.....	48 50
“ for Harmonium.....	54 45
Offertory.....	18 12½

ST. JOHNS.

The Rector, REV. H. F. DARNELL, forwards the usual statistics for the past year, with a feeling of sincere thankfulness for the measure of temporal and spiritual prosperity which has again been accorded to this Parish, in which he has now been permitted to labour for upwards of five years. The Sunday Services in this place are always well attended, but there has also been a marked improvement during the past twelve months in the attendance upon the appointed Week-day Services, especially on Ash Wednesday, Good Friday, Ascension Day, and Christmas Day. The congregation present at the celebration of the last named Festival, was the largest within memory. The Annual Meeting on behalf of the Church Society, held in this town on February last, was made the occasion of a very interesting and profitable assemblage of Clergy, both from the U. S. and Canada. The proceedings (which comprised the reading of the paper for discussion, the annual meeting, and a full Morning Ser-

vice with Holy Communion,) extended over two days, and on the evening of the latter the ladies of the congregation entertained the visiting clergy with music and a handsome supper. Such visits on the part of the Clergy are always looked forward to and appreciated both by the pastor and people of this Parish.

Notwithstanding the hardness of the times, the finances of the Church may be considered in a satisfactory condition. Some little has been done towards the liquidation of the remaining debt upon the School building, though not as much as was anticipated. In September last an increase of £50 per annum to the Rector's stipend was voted by the Vestry, which, with a kind thoughtfulness, quite unexpected, was made payable from the previous Easter. Throughout the entire year peace and good-will have prevailed amongst us; whilst those holding office in the Church, and engaged in the furtherance of her work, have discharged their various duties with self-denying zeal and diligence. The contribution to the funds of the Church Society this year, from all sources, is a little in advance of our last return. The high prices which prevail in this neighbourhood for the commonest necessities of life would naturally tell upon the amount subscribed however indefatigable the collector.

In the month of September last, the outbuildings attached to the Church and Rectory were destroyed by fire; providentially there was little or no wind, or the whole Church property would have been consumed. The buildings have already been replaced; the amount recovered from the Insurance Company, the Liverpool and London, being nearly sufficient to meet the expenses.

DEANERY OF ST. ANDREWS.

AYLMER.

REV. F. CODD writes:—During the last year and a half, our congregation in Aylmer has lost several families by their removal to

Montreal, Ottawa, and other places ; and I am sorry to say that we expect to lose others during the year to come.

It is evident that if this kind of emigration continues, it will, sooner or later, materially alter the circumstances of the Church in this Mission. Nevertheless, I am still enabled to report an increase in the amount raised here for Church purposes during the year past ; and a Parsonage house has also been commenced on the Church lot. The number of Communicants is only two less than last year, although we have lost by removal upwards of twelve—a third of the whole. A Church of England Temperance Society has also been established, and is slowly but steadily gaining ground, and I trust will be the means of preserving many from the foolish drinking customs of the day, which are apt to lead to excess.

The particulars of the sums collected are as follow:—

Towards Clergyman's Stipend.....	\$334.00

BOWMAN.

The REV. C. J. KAAPCKE writes:—That he is sorry not to be able to make any return from his Mission.

The German immigrants, to whom he ministers in their own language, are too poor to be asked for contributions, and in many instances are only just able to keep their families from starvation.

BUCKINGHAM.

The REV. S. S. STRONG forwards a small sum, by subscriptions and collections, to the Society, having been unable, owing to ill-health, to do more this year, but he purposes doing all in his power to augment the resources of the Society.

CLARENDON.

The REV. G. C. ROBINSON writes:—If an increase in the amount of money raised for Church purposes is an evidence of progress, the Church is advancing in Clarendon. More has been done during the past year than for several years previously. Several causes have

apparently contributed to this result. The harvest of 1865 was above an average. Two successful soirees held during that year, realized a good sum as an aid to the purchase of a Church Bell. And it is to be hoped that a growing love for the Church and a deeper sense of her claims have had something to do with our improved position.

The Parsonage has been improved. A fine toned Bell weighing 519 pounds, has been purchased and mounted, at a cost of nearly \$293. It is heard far and near, summoning to the worship of Almighty God. A Harvest Home and Sunday-school festival were held in September, when the children of the three flourishing Sunday-schools in the Mission testified their appreciation of the benefits of religious instruction by presenting an affectionate address and a purse of twenty dollars to their Minister. And the people have, in many ways, shown substantial proofs of a regard for the comfort of his family.

The Congregation and choir are much indebted to Mr. J. W. Wallace, teacher, for presiding at the Melodeon, and also for conducting the services during the absence or illness of the Incumbent whose thanks for the same are here heartily tendered. I have to record:—Baptisms, 86; Burials, 28.

May Almighty God quicken both Minister and people to increased diligence in their respective duties, to the promotion of His honor and glory, and the extension of His kingdom, for Jesus Christ's sake.

The following is the financial statement for the past year:—

EARDLEY.

REV. P. W. SMITH writes:—I am happy to say that in looking back upon my first year's missionary labours in this Township, I have every reason to think that those labours have not been in vain. The congregations, although they have not greatly increased, show no decrease. The people are willing to do what they can for the support of their clergyman, although at the same time, the amount subscribed on the stipend list is considerably short of the sum

required by the Bishop, viz., two hundred dollars, only one hundred and forty being the actual amount on the lists. I am trying what I can to get more subscribers, as I think they are able to strain a point and do more. The collections for the Missions, 'Widows' and Orphans' Funds, are, I am sorry to say, miserably small. I think, however, every allowance should be made, as they were for so long a period comparatively strangers to the Services of the Church, and so can hardly yet appreciate its benefits. I think that the Parsonage house will be commenced early in the spring.

During the year I have officiated at fifteen baptisms, one wedding, and two funerals.

I am cheered to find that amongst the young, there is a strong desire to know more about the faith, principles and discipline of our Church. This has been particularly manifested in my Sunday School classes.

And for what has been done, and for the fruits I can see, I thank God and take courage.

He has no improvement to note in the circumstances of his Mission. The original settlers are gradually dying off, and their children very generally leave for more inviting localities. The tide of emigration to the Western States has run with a swifter current during the past year, with no signs of ebbing, taking away quite a number of persons, whose properties have been bought by Roman Catholics, lessening our hope and means of replenishing our congregations.

HULL.

The REV. J. JOHNSTON writes:—In September last, the large old Church (St. James' Church) in Hull village was burnt. Some people living in the vicinity having set fire to a pile of brush wood, some sparks were carried by the wind to the roof, and in a few moments the building was in a blaze. It was a sad sight to see the roof falling in, and the pillars one after another falling into the fire. All the vigorous efforts put forth to save the building were ineffectual. I have since been obliged to hold Divine Service in a school house on Le Briton's Flats, which is crowded every Sunday, especially at Morning Service, but it was found so inadequate to contain all the Congregation, and since the cold weather set in, so uncomfortable, that many who attended St. James' Church have now to go to other Churches in the City of Ottawa.

In about a month after the burning of the old Church, we had the foundation of a new one laid on a more convenient site. It is now roofed, and we hope to have it finished by next May. It is a stone church, in the Gothic style of architecture, 85 feet by 34, and will accommodate about 400 persons.

The zeal, earnestness and self-denying labours of many of the congregation, especially the ladies whose minds God stirred up to help forward the blessed work of rebuilding His House of Prayer, have been blessed with success. We have been enabled to contract for the new Church to be finished in May, at a cost of about \$4,400, and we have now in hands funds sufficient to pay the contractor and lay the foundation of a Parsonage house. We have been also greatly assisted in the work by the prompt and liberal manner in

which the British American Insurance Company paid over the amount, \$3000 insurance on the old Church. We have managed to keep the Sunday-school together in a small room, or rather two rooms, in the sexton's house, and the two principal teachers, Messrs. Pope and Gale, gentlemen in the Crown Land Department, have never failed, in storm or sunshine, to be at their posts.

Mr. Haycock, who was one of the chief contractors on the Parliament Buildings, and who is fortunately one of our Church Wardens, takes the oversight of the building of the Church, and as he has excellent taste and judgment in architecture, we hope that our little Church will be both beautiful and appropriate.

We had purchased an Organ for the old Church, and paid on it \$300; it had not been placed in the Church and thus escaped the fire. We have it in reserve for the new Church. Finally, and *above all other* considerations, I trust and believe that God is blessing us. O may His glory be promoted in the salvation of souls! If we fail in [this—dreadful is the failure and valueless all our labours or successes.

MORIN AND MILLE ISLES.

The REV. J. MERRICK writes:—There is much to try the faith and the patience of a Missionary in the newer portions of Canada only lately reclaimed from the forest. The people, gathered from various parts of the world, generally have such a struggle to maintain themselves and their families, in the earlier stages of settlement, that they can do but little for those who labour among them in spiritual things. The roads, being of the most primitive description, render the weekly travel from station to station difficult and dangerous; the effects of the absence of suitable Schools and other advantages are soon found in the younger members of the Missionary's family:—the thought however, of being engaged in his Master's work and the hope of helping to prepare immortal souls for the Church above, nerve him to persevere whatever the difficulties and discouragements that surround his path.

With deep thankfulness to Almighty God for His sustaining goodness your Missionary reports some of the particulars of another year's work in this remote part of the Diocese.

Divine Service in both Churches has been continued on the Lord's Day and upon the principal Holydays throughout the year. The Sunday School at Morin continues its good work, under the care of Mr. Jekil, who has been licensed by his Lordship the Bishop as Catechist in the Mission, and has commenced his work in visiting

and distributing tracts among the sick and poor. During the winter months a Bible and singing class is held at Mille Isles, and we are about again also resuming the Sunday-school, to carry on the nursing work of the Church, the importance of which cannot be over-estimated.

The work of the Church in the Mission has been, I trust, in some measure blessed to all; but especially to those who love the Church for Christ's sake.

The Missionary, having lost his horse by accident this last summer, begs to return his best thanks to the members of his Congregations who contributed towards raising a sum to assist him in getting another to carry on the work of the Mission.

During the year there have been 14 Baptisms, 1 Marriage; 4 Burials.. Having been admitted to Priest's Orders by the Lord Bishop, we have enjoyed the privilege of stated celebration of the Holy Communion.

The number of Communicants remains about the same.

The promised subscription towards the Minister's support is, and has been in arrears since I came to the Mission.

The following are the amounts raised for Church purposes during the year :

NORTH WAKEFIELD.

The REV. J. SEAMAN writes:—In reviewing the labours of the past year we find that there is reason for thankfulness for the many mercies vouchsafed to us in this Mission.

Our poor people, at last, have had the gratification of seeing their Church opened for Divine Service; and although, owing to the extent of country over which they are scattered, one Church only half accommodates the present Congregations, yet they feel thankful for one place where the Services of the Church may be decently performed.

During the summer months a great deal of the time that I should have devoted to the outstations was employed in superintending the building of the Church.

Owing to the Rev. A. C. Nesbitt leaving the Aylwin Mission, my labours are greatly increased, and I sincerely hope that these poor people may soon be supplied with a clergyman.

Last winter I visited the Township of Portland and Denholm, baptizing several children and administering the Holy Sacrament to fifteen persons.

Owing to the efforts that the people had to put forth to erect the Church and pay the debt off the Parsonage, it was impossible to collect anything for the Church Society.

I am happy to acknowledge the sum of \$200 dollars from the Hon. J. Hamilton and Bros., Hawkesbury, also an altar cloth from G. May, Esq., of Ottawa.

ONSLow.

The Rev. F. G. C. BRATHWAITE writes:—I am sorry to say that my Report was received too late last year for publication. I must therefore now give a list of the money raised in and out of the Mission during the two past years. I must first heartily thank all those who have kindly subscribed towards the Church-building Fund of the Mission. The Churches in Bristol and North Onslow, I hope, will be in use in a few weeks; there is much, however, to be done to them to complete them. The Bristol Church requires plastering, seating, and painting. The North Onslow one has the same deficiencies, besides wanting a good stone foundation. We have had more help in building these Churches, than we ever calculated upon getting; and so we now look forward to seeing them completed before very long. Since my last report, the part of Eardley, that was in my charge, has passed into the hands of Mr. Smith, so that the places that I hold services in are now reduced to four.

The number of Communicants at St. John's the Evangelist, Onslow, for 1865, were, 30 men, 116 women, = 146; for 1866, 97 men, 187 women, = 284.

At North Onslow, and Bristol, for 1865, 48 men, 26 women, = 74; for 1866, 20 men, 22 women, = 42. At Steel's Schoolhouse, Onslow,

for 1865, 5 men, 18 women, = 23; for 1866, 3 men, 18 women, = 21. At Bristol, for 1865, 5 men, 7 women, = 12; for 1866, 6 men, 12 women, = 18. Taber's and Erwin's School-house, Onslow, for 1865, 2 men, 10 women, = 12. McLean's, Eardley, 1865, 1 man, 11 women, = 12.

ST. ANDREW'S.

The REV. R. LONSDALL feels that there is much cause for devout thankfulness to the Great Head of the Church for the unanimity as well as for the measure of temporal and spiritual prosperity of the Parish during the past year. It is to be hoped that while the general attendance at Public Worship is good, and the demeanour of the congregation devout, there is also a growing in grace and advancement in personal holiness amongst many.

Several improvements in the interior of the Church are in contemplation, which it is very desirable should be carried out. The old cumbrous pulpit has already been replaced by one better suited. We hope that much more may be done next year for the increase of the Endowment Fund.

THORNE.

REV. J. ROLLIT writes :—In reporting upon the temporalities of this Mission for the year past, there is little else to state than that a beginning has been made towards securing the Services of the Church. There is still no Church built. It is intended, however, to begin one in the spring, a site for a church and graveyard having been chosen in a central part of the Township of Thorne. The building in the front of Thorne, originally intended for a Church, by the permission of His Lordship the Bishop, and with the kind assistance of some friends of the Church in Montreal, added to the efforts of the people here, has been converted into a Parsonage, and has now been for some time occupied by the Missionary. There is still a debt of \$135.00 upon it, which it is hoped may be liquidated before spring :—

VAUDREUIL.

The REV. J. W. PYKE reports :—I send herewith a statement of Annual Collections and Subscriptions for past year made in this Parish for Church purposes. There is again a considerable increase over last year's contributions.

The following is the financial statement :—

Annual Subscriptions to Church Society.....	\$69.05
Collection for Missions.....	7.51
Widows' and Orphans' Fund.....	19.35
Thanksgiving Offerings.....	11.16
Pew Rents.....	138.45

The attendance at Church and at Holy Communion, has been very satisfactory during the year. We have a second Church in progress of building, now nearly completed, the corner stone of which was laid by the Lord Bishop of the Diocese, on the 29th of May last. We trust to have the Church ready for consecration early next summer.

Such are the accounts of those labourers in the vineyard, who, in cloud and sunshine, in storm and calm, carry the ministrations of the Church with that regularity which the Church herself prescribes, to the distant settlers in the outlying country parts of the Diocese. Much labour has been performed, many difficulties have been surmounted, and still the Clergy are at their posts. To support the Church by the aid of such, it is hoped all the members of the Church will unite. The necessity of every member of the Church in city and country in every Parish of the Diocese doing something towards the support of the Missionary Work, which the Head of the Church left incumbent upon all, is more and more pressed upon us, not only in principle by the plain broad statements of the Holy Scriptures, but practically, by the constant withdrawal of the Society for the Propagation of the Gospel, whose grant to the Diocese is yearly reduced. Your Committee feel that they cannot urge this point too strongly. The help from home has been so long granted that we have been slow to realize our position. The Church at home, through that Society, has built up the Church in Canada. It is urged that all should remember what that Society is.

Although legally incorporated, it is a purely voluntary association. Nothing can compel people to contribute to its funds. And if its Members and Subscribers were determined to withhold their contributions, nothing could compel them to make grants to Churchmen in the Colonies of North America. Moreover, it is not for the most part an endowed Institution. Its property is chiefly an Annual Income, growing out of collections and many small sums gathered by the Clergy in their several Parishes, from the mechanic, the tradesman, and the artisan, or by subscriptions voluntarily tendered, which may be at any moment withdrawn; so that every year it must be brought prominently before the members of our Society, that all must act, and all Parishes in the Diocese must join in acting, with a view to the eventual release of the S. P. G. from its charitable work of almsgiving in these parts of the Lord's Vineyard. And hence the need that exists for general co-operation throughout the length and breadth of the Diocese, to increase the Annual Subscriptions to the Mission Fund for maintaining the present staff of Clergy, with the hope of some little addition

to stipends barely sufficient to defray necessary expenses, and for sending more into those far-stretching districts on the Upper Ottawa and Gatineau Rivers, where settlers from the mother country are continually locating themselves, and offering the Church, through the operations of the Church Society, "fields white already to the harvest."

The Church Society, after mature and careful deliberation on the part both of its Committees and those appointed by the Synod, is about to be merged in a duly Incorporated Synod. Steps have already been taken to procure such an Act as is required. And no steps will be taken, without the greatest caution and deliberation, so as to preserve and guard in every way the interests of every one concerned. So that if this should be the last time that an old friend appears before the public, when the Anniversary Missionary Meeting of the Synod presents the same cause of Missions to the Church in the Diocese, it will be seen that the operations of the Church Society are not lost or impaired, but under a new garb concentrated and improved.

In the meantime, the Board would earnestly urge all to be "up and doing," to make the Church, whether ministering to "the sheep in the wilderness," or "taking heed to the flock" in more populous parts, "a praise and a glory" in the Diocese. Some of the Parishes, it will be seen, have done well, but it is at the same time manifest that all might do better in a Cause which should stand first in every Churchman's estimation, first in his heart's affections, and first on his list of charities, having Christ's promise, precept, and example, to maintain, enforce, and recommend it.

"*Co-operate*" is the key-note the Committee would desire to strike, the watchword they would desire to adopt, that no ground occupied by the Church may be abandoned, that new Missions may be opened, the stakes strengthened, the cords lengthened. Never was there a time when united exertions were more needed. These are no days for contracting our operations, or relaxing our efforts in the Christian cause. Love, zeal, self-denial are needed for developing the Missionary spirit in the Parishes of the Diocese and the putting forth all our strength. We need not only the co-operation of the Laity in Synods for securing

the practical efficiency of the Church and for the assistance of the Parochial Clergy, but the need is, that every Church family, and every Church member of every family should be made aware of, and practically recognize the duty of aiding the Missions of the Church according to our Blessed Lord's command, "Freely ye have received, freely give."

And lastly, your Committee would suggest that the hearty thanks of all are due to Him, the Giver of all good, who has raised up willing hearts for the furtherance of those high objects which relate to the Coming of our Master's Kingdom. Thus reviewing the year that has passed, and looking at the prospect, immediate and future, they think there is good ground for hope and encouragement, that the Church will take "the land that remaineth yet to be possessed;" and they feel that there is just reason, with Joshua of old, to "thank God and take courage."

APPENDIX.

BILL.

AN ACT to incorporate the members of the "Synod of the Diocese of Montreal," and to merge "The Church Society of the Diocese of Montreal" in such Synod.

WHEREAS, by virtue of the Act passed in the Session held in the 19th and 20th years of Her Majesty's reign, intituled "An Act to enable the Members of the United Church of England and Ireland in Canada to meet in Synod," the Bishop, Clergy and Laity of the said Church, in the Diocese of Montreal, in this Province, were duly organized as a Synod, by the name of "The Synod of the Diocese of Montreal," and framed a Constitution, and made Canons, Rules and Regulations, for the management and good government of the said Church in the said Diocese, and of its property and affairs, and it is expedient to incorporate the members of such Synod.

And whereas, within the said Diocese of Montreal, there exists an incorporated Society, known as "The Church Society of the Diocese of Montreal," duly incorporated as such under and by virtue of an Act passed in the Session held in the 14th and 15th years of Her Majesty's Reign, intituled "An Act to provide for the establishment of a Church Society of the United Church of England and Ireland in each Diocese of that Church in Lower Canada, and for other purposes connected with the recent division of the Diocese of Quebec," and it is expedient to merge such Society in the said Synod; Her Majesty, therefore, enacts, &c.:

I. The Bishop, Clergy and Laity of the said Church, in the said Diocese, who presently are, and hereafter shall or may become members of the said Synod, shall be, and are hereby declared to be a Body Corporate and Politic, in name and in deed, by the name of "The Synod of the Diocese of Montreal," and by such name shall have a perpetual succession and a common seal, with power to change, alter, break, or make new the same, as often as they shall judge expedient, and they and their successors by the same name

shall and may sue and be sued, implead and be impleaded, answer and be answered, in any Court of Record or other place of Judicature within this Province, or elsewhere; and they and their successors, by the name aforesaid, shall be able and capable in law, to purchase, take, have, hold, receive, enjoy, possess and retain, without license in Mortmain or *Lettres d'Amortissement* all messuages, lands, tenements and immoveable property, money, goods, chattels and moveable property, by any and every description of title, whether gift, purchase, devise, lease, or other description of title whatsoever; and the same to let, lease, mortgage, exchange, or otherwise alienate, subject and without prejudice to such Trusts as may be declared of and concerning the same in the title under which they are or may be held, and to do, perform and execute all and every lawful act and thing useful and necessary, for the purposes aforesaid, in as full and ample a manner, to all intents, constructions and purposes whatsoever as any other Body Politic or Corporate by law may or ought to be.

II. The said incorporated Synod shall have power from time to time to amend, repeal, or alter the present Constitution, Canons, Rules and Regulations of the aforesaid Synod, in such manner and to such extent as they may deem expedient; but, until so amended, repealed or altered, the Constitution, Canons, Rules and Regulations of the said Synod presently subsisting and in force, shall be and continue to be the Constitution, Canons, Rules and Regulations of the Corporation aforesaid, created by this Act.

III. From and after the passing of this Act, the aforesaid Corporation of "The Church Society of the Diocese of Montreal" shall be merged in the said Corporation of "The Synod of the Diocese of Montreal," and, all messuages, lands, tenements and immoveable property generally whatsoever, and all right, title and interest therein and thereto, and all money, debts, evidences of debt, goods, chattels, choses in action, and moveable property generally whatsoever, and all right, title and interest therein and thereto, of every kind and description whatsoever, presently belonging to the said Church Society, or in the course of becoming so, shall, from and after the passing of this Act, be vested in, and be the absolute property of the said Synod, subject however, to the same trusts and conditions by which the same are held by the said Church Society; which trusts shall be executed by the said Synod; and from and after the passing of this Act, all the powers and privileges generally whatsoever of the said Church Society, from whatever source derived, shall be absolutely vested in the said Synod,

who shall thereupon be entitled to exercise the same, as fully and effectually to all intents and purposes whatsoever, as the said Church Society might or could exercise the same, if this Act had not been passed.

IV. All suits pending, or judgments rendered, in the name of the said Church Society, may be continued, prosecuted and executed by and for the benefit of the said Synod, in the name of the said Church Society, as fully and effectually as if the same had originated and subsisted in the name of the said Synod itself.

V. This Act shall be a Public Act.
